REQUEST FOR REVIEW

RE: Administrators Decision on Appeal-Funding Year 2003-2004 Dated
February 19, 2004

Billed Entity #	3451
471 Application #	367385
Funding Request #	1000541

This letter is to appeal a decision of the SLD. In March of 2003, I made two corrections to an RAL and sent it back to the SLD. In July 2003, I received a Funding Commitment Decision Letter showing only one correction had been made, canceling one phone service. The other correction requested transferring those funds from the cancelled service into another phone service (which was also on the RAL), was not made. I called the SLD thinking this was just an oversight on their part and was told that he could see where I had actually been trying to do a an Unbundling of an FRN or a Spin Change and the only thing left to do was to file an appeal. In February 2004, I finally received an answer to that appeal telling me it was denied in full.

When making the corrections on the RAL I did not see anything in the directions to give me the idea that I could not make the changes requested using the RAL. It was not until after I had received the Funding Commitment Letter that I was informed you could not increase the amount of an FRN on an RAL. As stated before, I was trying to cancel one FRN and transfer the funds allocated from that one to another FRN, not just increase the amount of an FRN. It is a little disheartening that when the RAL changes were first looked at by the SLD no one took the time to just notify me they would want the corrections/changes done differently.

The Warren Village School is a very small rural school within a poor town. It cannot afford to lose any funds that might be available to them and therefore I am asking that you overturn the decision of the SDL.

Thank you for your consideration. I look forward to your reply.
